Message from the CEU Director

The Collaborative Evaluation Unit (CEU) is excited to commence 2021, working with existing partners while also starting some innovative new evaluation projects. The CEU will be once more working closely with the Latrobe Health Assembly (LHA) the Department of Health and Human Services (DHHS) on local projects to improve the lives of residents in Latrobe and throughout Gippsland. A significant body of work will be done on evaluating the establishment of a smoking cessation clinic, social prescribing worker and activities with Gippsport to increase access to sport and get Latrobe active again. Watch out for evaluation and research workshops, the CEU will be running a series of interactive practical sessions focusing on skills related to research and evaluation such as interviewing techniques, thematic and content analysis, advanced statistical analysis, and developing SMART objectives etc. We look forward to working with you collaboratively in 2021.
