# Respondus – In a nutshell

## What it is/does

- It's a special browser that must be installed on the user's computer
- It has optional web cam capture
- It has optional sound capture
- It blocks all other apps
- It blocks access to files

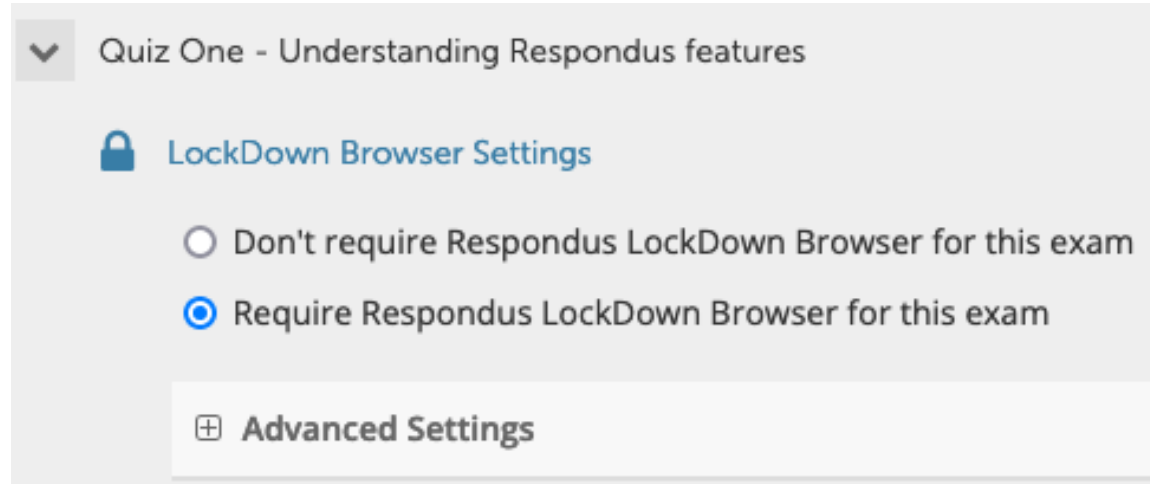

## What isn't it/doesn't do

- It's not a quiz tool
- It doesn't control timing, access etc.
- It doesn't capture the desktop
- It doesn't install with admin access to a computer

# How does it work

## Config in Moodle

- Launch Dashboard
- Click require Lockdown Browser
- Click Require Respondus Monitor

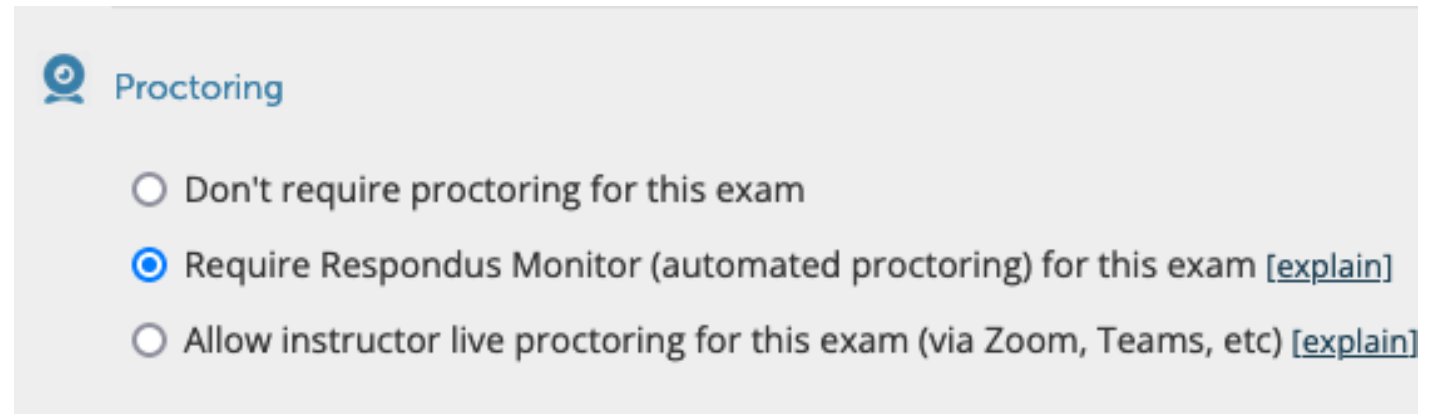

Quiz One - Understanding Respondus features

 LockDown Browser Settings

- Don't require Respondus LockDown Browser for this exam
- Require Respondus LockDown Browser for this exam

 Advanced Settings

 Proctoring

- Don't require proctoring for this exam
- Require Respondus Monitor (automated proctoring) for this exam [\[explain\]](#)
- Allow instructor live proctoring for this exam (via Zoom, Teams, etc) [\[explain\]](#)

# Key points to a successful online test

## Students must be given a practice run

- Install the browser
- Check Webcam
- Practice environment check

## Clear instructions

- How will the online test be conducted
  - Breaks
  - Allowed materials
  - How to do the environment check and what is acceptable\*
  - What to do if tech fails
  - Alternate testing options

**\* A poor environment check undermines the integrity of the process.**

Quizzes ▲	LockDown Browser	Proctoring
▼ eReading Types - Check	Required	Not Required
▼ Quiz One - Understanding Respondus features	Required	Respondus Monitor (Optional)
▼ Quiz Three - Example of Setup	Required	Respondus Monitor
▼ Quiz Three - Various Question Types - Just lockdown, no Monitor	Required	Not Required

# The Student experience

## Installing Respondus Lockdown Browser

- Downloads can be made from within Moodle
- The version of Respondus is Unique to FedUni
- Students require admin access to their computer
- The system has a built-in check

## Starting a Moodle Quiz

- Exactly the same as a regular quiz, but the start button is different

This quiz has been configured so that students may only attempt it using the Respondus LockDown Browser.

Time limit: 15 mins

Grading method: Highest grade

**Respondus LockDown Browser with Respondus Monitor (webcam) is required for this exam.**

[Download LockDown Browser](#) | [Check your LockDown Browser Setup](#)

Launch LockDown Browser

Back to the course

# View of Respondus

We can't show this, as the system is locked down

Remember, it's just a browser.  
The Moodle quiz will look exactly  
the same as in a typical browser

Click icon to add picture

# Reviewing attempts

- Reports are generated by AI
- Much like TII – they are not a smoking gun
- Things to look for
  - Poor lighting
  - Poor environment scan
  - Background noises
  - Unusual timing

Review Priority ↕	Date ↕	Score ↕	Duration ↕	Reviewed ↕

# Who supports respondus exams?

## Exams Office

- Is first point of contact for information & guidance relating to Respondus eExams
- Administrates a 'Respondus Support' Teams Channel for support & advice on the day of exams (also inc. Course Coordinators, CAD & IT)
- Provides online resources for Respondus eExams
- Timetables all Respondus eExams within exam periods

## CAD

- **Can** doublecheck/confirm Respondus configuration prior to the exam
- **Can** provide basic support on the day of exam (Business hours AES/DT)
- **Cannot** provide troubleshooting for internet connectivity issues
- **Cannot** provide troubleshooting for hardware issues
- May recommend students sit a supplementary exam if problems persist

# Questions?
