INTERNATIONAL STUDENT EMPLOYABILITY

MY ACCENT IS MY SUPERPOWER

76% of students who used employability services (a second time, or a third time, or a fourth time...) came back for more!

We supported the **FIRST** international student to complete the Industry Placement Program and our second student is ready to start early 2023 :)

We assisted **345** international students across 3 Victorian campuses and have driven over 1600kms to see them!

\$40,000+ awarded through Placement Grants for international students across 6 different programs.

We've created a network of **72** members in community and industry that's 72 members supporting international students.

\$5,000+ awarded through Job Ready Grants for international students to upskill for employment

"I was very goal-oriented when I met you so wasn't expecting this gentler inside-out approach to answering interview questions. Thank you so much for fitting me in at the last minute, and for helping me remember my strengths and filling my cup."

"I am really thankful for your help during my interview and the material you sent me was really helpful for me. I also cracked the interview and got the placement and I would like to thank you again for the help and guidance I got from you. Thank you."

We celebrated the **SUCCESS** of two students awarded:

City of Ballarat Youth Awards 2022 Positive Leader Award
Federation University International Star Advocacy Award 2022

International Student Employability Services have been made possible by funding from the Victorian Government through the Study Melbourne International Education Resilience Fund.
