

Destination Gippsland

Live like the locals do and explore the many natural wonders of this regional paradise.

The hardest decision you'll have to make when choosing to study at Federation University is which campus is right for you.

Combining 50 years of teaching excellence with a commitment to making a positive impact to the lives of others, Federation University Australia's Gippsland Campus offers the best of regional living – a welcoming community, innovative learning environment and excellent research facilities.

If you're searching for a regional university with outstanding value – **you've found us.**

Campus facilities

At Gippsland Campus, students enjoy access to resources and support services that mirror what's on offer at our main campus. You'll find dedicated, fully-equipped laboratories for nursing, information technology, mechatronics, civil engineering and science courses – giving you the perfect environment to test and learn from real-world scenarios.

The campus also offers lecture theatre and video conferencing facilities, an impressive library and study centre, computing labs, fitness and recreation facilities (both on-campus and within walking distance), student accommodation facilities and a range of dedicated international student support and development services.

TAKE A
VIRTUAL TOUR

Discover Gippsland

Peace and nature with a side of adventure. Gippsland Campus is your gateway to everything Eastern Victoria has to offer.

Located two hours east of Melbourne, you'll discover the campus spread over 60 hectares of picturesque grounds in the regional town of Churchill. Sit in the outdoor amphitheatre watching the sunset and you may even catch a kangaroo or two hopping across the campus.

If you're someone who loves the outdoors, then you're in luck. The Gippsland region boasts many fun activities such as fishing, hiking, canoeing, swimming, rock climbing, skiing and more. Take new friends, go with a local group or explore on your own – the opportunities are endless.

Make campus your home

Transition to university with ease by opting to stay on-campus in Fedliving housing. Not only will you benefit from living within walking distance to class but enjoy the best start to university life, making new friends and attending a range of fun student activities. You may even be eligible for a scholarship towards your Fedliving accommodation. Visit our website to learn more: [federation.edu.au/fedliving](https://www.federation.edu.au/fedliving)

Community and industry engagement

We have **supported** over 1500 students to commence work in industry, with the local government and the community to address skills shortages and drive economic and jobs growth in the region each year. Thanks to the campus's established **collaborative industry partnerships** and **dedicated research centres**, students benefit from boosted employment opportunities in the region.

- Future Regions Research Centre (FRRC)
- Geotechnical and Hydrogeological Engineering Research Group (GHERG)
- Morwell Innovation Centre
- The Carbon Technology Research Centre (CTRC)

ARUN CHACKO
Bachelor of Information Technology

"Studying at the Gippsland Campus is amazing in a lot of different ways. The support we get here is absolutely amazing. The local people help us a lot – we adapted to society because of their care."

ANSA JOHNSON
Bachelor of Engineering
(Civil Engineering)

"I get a lot of support from the lecturers because they are happy for me to take individual classes and receive additional support."

Study options

Work for industry, in the local community, or do both with over 50 courses commencing at the Gippsland Campus each year. Visit our website to explore them all. [↗](#)

Master of Engineering Technology (Mechatronics and Industrial Automation)	Feb, Jul	\$31,080	6.0 / 6.0

AVNEET KAUR
Bachelor of Nursing
graduate

" I initially chose Federation's Gippsland Campus because I have family living nearby, but I quickly saw that the teaching quality is great. When I started, I'd only been in Australia a week, but the university staff really welcomed me and made me feel quickly at home. I can't stop telling people about the excellent student support. "

DANIEL ONOVO
Master of Engineering
Technology (Mechatronics
and Industrial Automation)

" I came to Churchill (Gippsland) in 2022. I really wanted to become part of the community, which is why I chose to study in a smaller regional centre. I joined the Parkrun club and the Churchill United FC. It's great making friends and engaging in some fun and friendly inter-community football matches with the neighbouring towns. "
