Preparing your video recorded audition

All applicants are required to perform two pieces in their video recorded audition. You can choose to perform a classical monologue and a song from a musical or two monologues (one classical and one contemporary), depending on your strengths.

STEP ONE: SELECT AND REHEARSE

A CLASSICAL MONOLOGUE + B SONG OR CONTEMPORARY MONOLOGUE

Each candidate is required to choose, download and perform **one classical monologue** from the lists provided on our monologues site, [here](#).

The monologue(s) must be memorised for the audition. Please ensure you learn the monologue(s) properly. Accents, costumes or props are not required.

Prepare **one song from a musical**. The song should not exceed 2 minutes. Your song must be memorised and performed with piano accompaniment or piano backing track.

Songs from musicals that were created featuring popular recording artists (e.g. ABBA, Queen, Dusty Springfield) are not suitable for auditions.

OR

Choose, download and perform **one contemporary monologue** from the lists provided on our monologues site, [here](#).

STEP TWO: CREATE YOUR AUDITION PORTAL ACCOUNT

Create an **Audition Portal** account using the link emailed to you after completing the supplementary audition form.

STEP THREE: RECORD

Record your audition video using a smartphone, ipad or personal camera. The video production quality does not have to be of a professional standard – keep it simple.

STEP FOUR: UPLOAD YOUR VIDEO

Upload your audition video via the Audition Portal.
