Updated 16/01/2025

Non-Award and Vendor accredited courses are courses/programs designed to meet the specific training needs of an industry or enterprise. These courses do not lead to an award (AQF qualification) and are accredited by the University through Academic Board.

Vendor accredited programs relate to a specific arrangement with a vendor to deliver programs that are developed, accredited and maintained by the vendor.

Non-Award and Vendor accredited courses are not recorded on [Schedule 5.1](#).
