<b>CN No</b>	<b>2023-10</b>	<b>Date: 17 August 2023</b>
<b>To:</b>	Chief Executive Officer or equivalent	
<b>Purpose:</b>	Variation to Contract	
<b>Scope:</b>	2023 Standard VET Funding Contract (version 3.0)	
<b>Subject:</b>	Administrative error corrections to 2023 Contract (Standard)	

## Purpose

This Contract Notification is to advise training providers that an updated 2023 Standard VET Funding Contract (version 3.1) is published in the 'Documents' section of SVTS. It contains minor changes to correct administrative errors.

## Background

It is standard process that we may vary the VET Funding Contract and Guidelines to reflect changes to policy, reflect new or updated initiatives or to make minor administrative edits.

## Main points

We have updated the clauses detailed below to correct administrative errors. These changes are backdated to the specified 'Effective from' dates.

The changes are to:

- correct the in-clause references in part (a) of the definition of a Disallowed Person
- remove part (d) from Clause 11.23 of Schedule 1. This was inadvertently left in the contract, but should have been removed in line with the Literacy and Numeracy Support administrative change outlined in CN 2023-07.
