Guiding your Graduate Year as a Teacher

This Moodle Shell has been developed for students of Federation University to help guide them through their final year of university, touching on all things we find necessary to help you have your graduating year on track and more stress free.

While there are classes that touch on some areas we have added to this shell, we saw a need to create a shell to have somewhere concrete to add all these resources that lecturers talk about.

This was created as part of a Team Enterprise Project in 2017 by students who are graduating and found a need for a more concrete resource to use.

CareerHub

StudentCareerHub THE place to get all of your questions answered about career planning and getting and keeping a job.

Interviews from Graduates

This podcast shell has been developed for students to locate podcasts, videos, and written responses from previous graduates about all things graduating and all the need to know. In here, you will also find helpful information from principles about things they are looking for in a graduate teacher.

 Lou Marr Interview

Lou was a mature age student, who graduated from Federation University in 2016. Lou works at Avoca Primary School in a prep classroom. She gives some great information on what to expect in your final year of university and your first year in the classroom.

 Interview with Coby Reynolds

Coby Reynolds graduated in 2009 and is now a secondary teacher in Hong Kong teaching English and Science.

Student Learning:

- Networking internally
- Online delivery
- Resource development
- Using own networks
- Marketing
- Confidentiality
- University Policies and Procedures
- Hand over – this is a resource we will use for all students

What's next?:

- Basis for a shell for Nursing
- Learning designers to work their magic
- Ringing the students in a year to see what else they think might be missing from their shell....
- Looking at how we can develop the resources in these shells to be valuable points of reference for student in every year – not just in their final year.
