The Aboriginal education Centre provides support to prospective and current Aboriginal and Torres Strait Islander students. The AEC has a range of support for students at Mt.Helen, SMB, Horsham and Gippsland campuses. Full details about the ACE can be found on our website:

www.federation.edu.au/about-us/our-university/indigenous-matters/aboriginal-education-centre/student-information

Literacy and Numeracy Support

Students commencing study with us come with a vast range of skills, experiences, motivations and capacity to deal with the challenges required when commencing study. Students are required to complete a Literacy and Numeracy review prior to enrollment. This review can be found at: www.federation.edu.au Please allow approximately an hour to complete the review. Instructions to access the LLN review are as follows:

- Log into www.federation.edu.au/lln - click on Federation College and select Youth
- Enter your name, email address and date of birth
- Enter your course level as VCE-VM
- Enter your campus as SMB
- Remember this is not a test, your results will simply allow us to better support your learning.

We need to assess students' foundation skills that are necessary to the successful completion of their studies. These assessments will enable teachers to identify any gaps in current skills. It will also allow us to offer additional support with literacy or numeracy so that students can better manage the requirements of their course.

Excursions

Occasionally you will be required to attend excursions as part of your learning requirements. It is expected that you attend as excursions are linked to your learning outcomes. Excursion forms must be completed and returned prior to any excursion. A local excursion form, covering you for any excursions within a 20km radius of your campus is provided to you in your enrolment pack. Excursions outside of this radius will require a separate form. If forms are not completed, signed by parent / guardian (if the student is under 18), and returned before the excursion, you will not be permitted to attend. A written note, text or phone call are not permitted to be accepted instead of the excursion form.

Please refrain from smoking on University campuses and if you see someone smoking, inform them politely that our campuses are smoke free.

Attendance

You're expected to attend at least 80% of your classes to meet course requirements. Consistent attendance helps you stay on track with your learning and ensures you don't miss out on important projects, activities, and assessments.

Special consideration provisions are offered for students who are unable to attend classes due to circumstances beyond their control including medical reasons, compassionate grounds, hardship/trauma, and other factors like service to emergency services or technical issues.

If you are unable to attend class due to illness or for other reasons, you must contact Federation College Reception on 03 5327 8240. If you have been absent from class for two weeks without negotiating the absence, Federation College may withdraw you from your program. In the event of a lengthy illness, or unavoidable absence, you are responsible for contacting your teacher via the College reception on 03 5327 8240 to discuss your situation and ability to continue the program.

Where possible, personal appointments such as doctors, dentists etc. should be made on days where there are no classes or out of class hours.

Parent/Guardian Contact for Youth Students

Federation College strives to help you achieve your full potential and one way of doing that is by involving your Parent/Guardian. Teachers are happy to discuss your progress with them so that you will feel more supported. Throughout the year, your parent/guardian may be invited to meet with teachers to discuss any concerns if necessary. Plagiarism – What it is and why its not ok

Plagiarism is when you present someone else's work, ideas, or words as your own without giving proper credit. At Federation College, we take academic honesty seriously because **your learning should reflect your own effort, understanding, and creativity.**

Plagiarism is considered a form of cheating and can lead to consequences such as failing an assessment, redoing work, or even disciplinary action. If you're unsure about how to reference properly, ask your teacher or seek support—learning to use and credit sources correctly is a valuable skill for both study and work!

Here are the steps for students accused of plagiarism or misconduct:

Notification: You will receive a formal notification detailing the allegations against you.

Seek Advice: Contact Student Advocacy for independent advice and support.

Turnitin

Turnitin is a plagiarism prevention and detection service. Turnitin is available to improve academic literacy and integrity by detecting accidental or deliberate use of another person's work without referencing or citation.

It is used as part of the general teaching and assessment process - where it is appropriate to the course and assessment task. or you to self-assess and improve your work regardless of whether it is required for assessment in your course.

This service may be accessed through a generic Turnitin and Academic Literacy Information Course that contains Turnitin and links to writing and referencing learning material.

Turnitin is available in Moodle under the support drop down at the top of the page. You can check your assignment with Turnitin before your final submission.

Your results are returned as an Originality Report, where matching non-original text is highlighted and linked to its likely source. The report allows you to see matches and decide if any further referencing is needed. Turnitin does not decide if plagiarism has occurred.

Turnitin returns a percentage similarity and links to sources where similarity is detected. Your teacher or the lecturer will decide, in accordance with Federation University's Student Plagiarism Policy, whether plagiarism may have occurred.

Assessments

Assessment means the process of collecting evidence and making judgements on whether you have achieved competency to the required standard for your program.

There are no exams in VCE-VM. This is why it is very important to attend all your classes and activities that have been organised. Your VCE-VM teachers will provide you with a unit outline for each unit, which will describe the tasks and performance standards required for each level.

Prior to your assessment you will be provided with a 'student version' of your assessment. This will clearly show the outcomes required to receive a satisfactory (S) result. Outcomes that fail to meet the transparent performance standards which you will be provided, will be deemed non-satisfactory.

Fed College assesses students based on the assessment principles outlined by the Victorian Curriculum and Assessment Authority (VCAA). These include:

- Assessment should be valid and reliable
- Assessment should be fair
- Assessment should be flexible
- Assessment should be efficient

The Program Manager for Federation College will oversee assessment arrangements via teaching staff. More information on the assessment principles outlined by the VCAA can be found online at:

<https://www.vcaa.vic.edu.au/assessment/vet-assessment/Pages/VCEVETProgramsScoredAssessment.aspx>

Students who are unable to satisfactorily complete a task are given the opportunity to resubmit the work. Students will work with teachers and follow procedures to ensure a transparent and fair process.

If a teacher or student experiences the loss, theft, or damage of work, they are required to submit a written statement detailing the circumstances. This statement must be signed, dated, and filed at the school. While schools must maintain a record of such incidents, they are not obligated to report them to the VCAA. The Program Manager, with input from the teacher, will determine the student's unit result based on the records available.

3. **Know Your Rights** – You have the right to make a formal complaint if your issue is not resolved. Full details of the Student Grievance Policy and Procedure can be found here:
